

# Fidelity Named to “Top 50” Again!

**Fidelity Security Life Insurance Company® (FSL)** has once again been recognized on the list of Top 50 life-health insurance companies in the U.S. for 2023 by virtue of its “outstanding financial results in the areas of safety, consistency, and performance over a five-year period.” The list, known as the Ward’s 50, was released by Aon plc, a leading global professional services firm that operates the Ward’s 50 benchmark group. The group analyzes more than 700 U.S.-based life and health insurance companies. This is the 11th time in the last 15 years that FSL has been included in the list.

President Bryce Jones said, “By making this list on a consistent basis, it shows how all of our associates perform at a high level every day to keep FSL competitive and to create value for our policyholders and partners.”
